

Thursday, October 24, 2002
8:00 a.m. to 3:00 p.m.
Indiana Government Center South
Conference Room B
Indianapolis, IN

You're invited to the Indiana Department of Environmental Management's Environmental Education Workshop for Indiana teachers, educators and administrators. This workshop will give you valuable resources to use in your classroom and school and the proper tools to ensure continued support for environmental stewardship in your school corporation.

- *6 breakout sessions on exciting environmental education curricula and resources*
- *Hands-on science projects for your classroom that meet the Indiana Academic Standards*
- *One-stop shopping for environmental education resources*
- *Keynote presentation from the University of Wisconsin-Extension on the health hazards and environmental fate of mercury (includes a take-home activity guide specifically designed to educate students on the dangers of mercury through lessons in math, science, language arts and social studies)*
- *Information on how to rid your own school of mercury for free and how to comply with House Enrolled Act 1901*

Reserve your space today!

To register for or learn more about this exciting event, call Chad Trinkle of IDEM at (800) 451-6027 (toll free) or (317) 233-9479. Or, send an e-mail to: ctrinkle@dem.state.in.us.
